# WASOS

*de Papel*

Variados y de calidad, de todos los tamaños, con impresiones personalizadas y representativas de nuestra marca. Nos adaptamos a las necesidades de cada cliente, ofreciendo incluso vasos para bebida fría, vasos 100% compostables, y PLASTIC FREE.

Como novedad, hemos desarrollado una gama de tapas de papel, que posibilitan la ingesta directa a través de ellas sin derrames y a su vez, nos dan la posibilidad de introducir una de nuestras cañas de papel o bambú.

- Según norma UNE-53928:2020.

Esta norma especifica el método de ensayo para verificar que la vajilla de plástico fabricada mediante el proceso de termoformado o de inyección puede utilizarse, como mínimo, 5 veces, tras sendos procesos de lavado en lavavajillas. Además, especifica el método de ensayo para verificar el número mínimo de usos que pueden hacerse del artículo, tras sendos procesos de lavado en lavavajillas.

El cumplimiento con esta norma no exige del cumplimiento de la legislación vigente sobre materiales plásticos en contacto con alimentos.
